Maryville, Missouri

July 3, 1963

Campus Giant Pulled Down New One To Be Built

A campus giant fell last Tuesday morning. The smoke stack, after 30 years of continuous use came down in one piece. As the huge tree is "felled", a hole was cut in the base to direct the fall. So precise were the calculations that one small tree was left that was damaged.

Oland Renovating Company of Kansas City, attached cables to the top of the 150 ft. high structure. (The top had "weathered" and was crumbling.) The 280,000 lb. stack came down in a cloud of soot and dust before 8 a.m., all that was left, after the fall, was broken concrete and twisted reinforcement. This was hauled away.

The Glaze Construction Company of St. Joseph will construct a pre-fabricated steel tower. Over 130 cu. yards of concrete will be used to make the base. The new tower will be 150 ft. high, 9 ft. in diameter at the base tapering to 6 ft. at the top.

The demolition of the old stack and construction of the new smoke stack are part of the dormitory bond money, and this project does not come from appropriated tax money, according to Dr. J. W. Jones, college president.

National Guard

National Guard summer encampment will be held this year from July 26 to August 10.

Students who are members of the National Guard should contact their instructors regarding their absence for this two week period.

Dean Announces Fall Dorm Plans

According to acting Dean of Men, Ralph Messerli, painting the men's dormitories is a major project being undertaken this summer in preparation for the fall semester.

Both Wilson and Colbert Halls are being completely repainted. Dean Messerli stated that with the new additions to the men's residence halls, they will be able to house 946 students—an increase of approximately 400 over last year.

Organize Council

It is planned to have a head counselor in each of the dormitories, with other counselors serving under them. All counselors will be upperclassmen with at least one year's experience.

A council consisting of one elected student from each of the floors from the various dorms will comprise the governing body of the men's residences.

Deans Lasley and Messerli will sponsor the organization.

Recreation

Next fall, there will be two large recreation areas in Cooper Hall. At present there is one small game area in Richardson Hall. It is also planned to have another canteen room in Douglas or Cooper Hall.

Another future dorm project is visiting hours for women in the men's dorms. These visiting privileges will be limited to the main lounges and recreation rooms in Cooper Hall.

Carroll Proctor, Star Baritone Performs in Maryville July 24

Carroll Proctor, a brilliant young baritone, who has an amazingly mature voice, will sing here July 24, according to Gilbert Whitney of the Northwest Missouri State College music faculty.

Proctor will be accompanied by Mrs. Nate Block, St. Joseph, in his Maryville appearance. He has fulfilled numerous engagements, some of which include singing with the Chicago Lyric Theatre, San Antonio Opera Festival, and Town Hall recitals, under the Young Artist Series sponsored by the Rockefeller Foundation.

Oregon Born

Proctor was born in Oregon then later moved to Kansas and began his musical studies under Charles Kellogg. He made his operatic debut in Massent's "Threse" in Oklahoma. After service in the Korean War, he returned to further study at Louisiana State University under the guidance of Dr. Peter Paul Fuchs, artist-director of the opera department and conductor of the symphony orchestra.

He will continue his study in Europe next year, according to Mr. Whitney.

Drama Dep't Releases '63-'64 Play Schedule

The Speech and Drama Department of NWMSC, headed by Dr. Ralph Fulsom, announced that the following plays will be presented this next year:

November 21-22, R. U. R. (Rossums Universal Robots) by Karel Capek.

This Russian play will be held in the Auditorium.

January 15, 16, 17, a theatre in the round production, All My Sons, by Arthur Miller, Little Theatre.

April 16-17, Death Takes a Holiday by Alberto Casela, Auditorium.

April 7, night of one act plays presented by speech majors and minors in the Little Theatre.

May 21-22, Alpha Psi Omega production, The Man, by Mel Dinelli.

Betty Johnson Wins Miss Rodeo Missouri

Betty Johnson, Northwest Missouri State College coed, daughter of Mr. and Mrs. Merrill A. Johnson, Burlington Jct., was crowned Miss Rodeo Missouri, June 22.

Displaying the poise and charm which helped her earn this large trophy and the title Miss Rodeo Missouri is NWMSC's own Betty Johnson.

The pageant which was sponsored by the Joplin Jaycees, was held in Joplin, June 21 and 22.

Betty was crowned by Miss Rodeo America 1962 after being selected from a group of girls representing the different areas of Missouri. During the competition, Betty was judged on appearance, personality, and riding ability.

This is the first year Missouri has been represented in the National contest which will be held in Las Vegas, Nev. in November. Said Miss Johnson about this opportunity, "It is a very wonderful experience, and I'll do my very best to represent the 'Show Me' state in the contest at Las Vegas."

Seasoned Competitor

Betty is an old hand at winning rodeo queen contests. In 1959, she was named national high school rodeo queen. The title of Missouri high school rodeo queen was won by her in 1958 and 1959. The West Nodaway R-I High School graduate was named Missouri high school all-around cow-girl in 1957, 1959 and 1960.

Miss Price to Have Memorial Award

Debbie Price

The first memorial scholarship was awarded Debbie Price.

"I was surprised and overjoyed," was the reaction of Deborah Price when she received the scholarship of \$200, presented to her by Dr. J. W. Jones, president, at the commencement exercises May 24.

Debbie will graduate next year from NWMSC. She hopes to teach in the state of Missouri and later work towards her master of science degree in special education. Debbie plans later to teach gifted or mentally retarded children.

English Proficiency Examination

English proficiency examination will be given in the auditorium of the administration building on Wednesday, July 10, 9:50 a.m.

All students who have completed 45 hours and two semesters of English Composition are required to take this examination. Students will not be notified by the Registrar's Office but will assume the responsibility of reporting for the examination.

Bell Named Officer in Newspaper Assn.

Marvin Bell, sports editor of the Missourian, was recently elected vice-president of the Missouri College Newspaper Assn. for the coming year.

Bell, who is serving as sports editor of the Missourian this summer, served in a similar capacity during the second semester of the last school year.

A junior English major at NWMSC, Bell is a Maryville high school graduate where he served as co-editor of the Maryville Hi-Lights page in the Maryville Daily Forum.

The son of Mr. and Mrs. Albert Bell, Maryville, he is affiliated with Phi Sigma Epsilon fraternity.

NORTHWEST MISSOURIAN

Published weekly at the Northwest Missouri State College, Maryville, Mo., September through July, except during examination periods and after vacations.

Entered as second class matter, November 9, 1914, at the Post Office at Maryville, Mo., under the act of March 8, 1879.

THE COLLEGE OATH

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

Is Opportunity Vanishing?

What has 5,000 legs, is worth millions of dollars, and if proper action isn't taken is in danger of extinction?

Even if you're good at riddles you may have difficulty solving this dilemma.

The answer, possibly obvious to the interested, is Northwest Missouri State College.

Why do we contend that this multi-million dollar institution located in the verdant, prosperous heart of Mid-America is in ultimate danger of slipping into oblivion? Basically, we make this statement on the premise that a 4-year college, which the Missouri Legislature proposes to locate in St. Joseph, would damage enrollment potential to such an extent as to make operation of the college difficult.

A second 4-year college in Northwest Missouri would detract greatly from the advantages offered by the Maryville campus. The fact is, that another 4-year college in this section of the state is not necessary or even desirable.

Northwest Missouri State College offers a well-balanced curriculum with special areas of concentration in such varied fields as agriculture, business, all of the natural sciences, the social sciences, home economics, physical education, mathematics, languages and the fine arts; NWMSC offers an unending variety of extra-curricular activities and a strong program of athletics at the intercollegiate level; and NWMSC offers the most beautiful college campus in the state, on which are located a complex of modern buildings intermingled with the traditional beauty of our famous Administration building.

The staff and teaching faculty of our college are of superior quality, a quality made evident in the high standards which graduates of this college take with them as they fulfill their goals in life and teaching obligations.

On the campus of NWMSC, housing is available for 1,280 students. Off campus housing provides room for over a thousand more hopeful college graduates.

Northwest Missouri State College is proud of its ability to house, feed and increase the knowledge of its students in a country in which many colleges and universities are forced to turn students away.

Northwest Missouri State College offers all of the services necessary to make your college career a successful and happy one from registration to graduation. Any college would be proud to possess the facilities available at NWMSC.

It is obvious there is no need for a second college right on the door-step of Northwest State in an area from which a large portion of Maryville's students are drawn, especially considering that the University of Missouri plans to locate a campus at Kansas City University in the near future.

Get your advanced learning where learning is fun—Northwest Missouri State College, a college which will have a future as bright as its past with your help. JG

They're Talking About---

The American Creed

I believe in the United States of America, as a government of the people, by the people, for the people, whose just

powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of

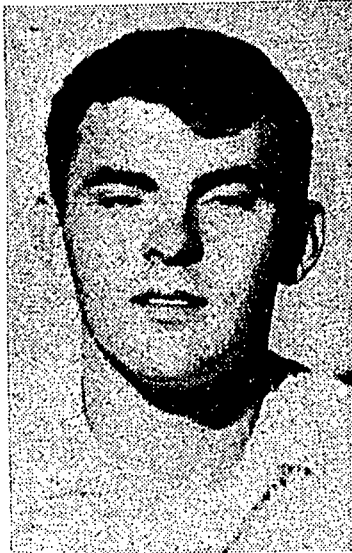

freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it, to support its constitution, to obey its laws, to respect its flag, and to defend it against all enemies.

—by William Tyler Page
(Adopted by an Act of Congress, April 6, 1918.)

Inquiring Photographer

In looking over the campus one sees a variety of people, many from distant places, and each enrolled in summer school for his own special reason. It is out of a curiosity that the Inquiring Photographer asked this question: Why did you come to summer school? Many came to get their degree and many come just to have fun, but these three people came for different reasons.

I. David Thomas, Senior, Marshalltown, Iowa.

"I came because I felt I had some difficult courses to take and I wanted to lighten my load next semester."

II. Sharon Elswick, Sophomore, Grant City, Missouri.

"I have a wonderful job here and it offered me an opportunity to earn a few hours of credit this summer."

III. Fred Schieber, Senior, Stanberry, Missouri.

"I like it here, and also I will be able to graduate next spring."

Student Loan Applications Due August 24

Application for loans under the provisions of the National Defense Student Loan Program must be filed by August 24, according to the Program's director, Bill Needels.

Although specifically designed for prospective public school teachers and for students with a scientific background, any student in financial need may be eligible. During the last fiscal year, more than 460 NWMSC students received loans averaging \$580 each.

New Plan

A new student loan plan, the United Student Aid funds program, also administered by Mr. Needels, may be used by those students who need aid as an alternate or supplement to that of the National Defense Student Loan Program. In co-operation with the applicant's local bank, the CSA funds program makes individual loans up to \$1,000 at 6% simple interest. Its loans are restricted to those students who have completed their freshman year.

July Fireworks To Be Sponsored

The Fourth of July tradition of fireworks will be carried out in Maryville locations.

There will be a fireworks display at the NWMSC stadium, sponsored by the Maryville Chamber of Commerce. Doug Dempsey is chairman of the committee.

The first aerial design will consist of fire criss-crossing to spell out "Welcome." Other aerial displays will be the Tree of Liberty; Niagara Falls; Color and Whistle Wheel; Flight of Two Giant Saucers; Yellowstone Geyser; Clown; Liberty Bell; and the finale, a reproduction of the American flag. There will be bombs and rockets between ground displays.

At the Dude Ranch Drive-in Theatre the western theme will be carried out in the fireworks display. An hour of fireworks is planned in addition to the movie.

The beginning aerial design will be "Howdy Podner." Other designs will be a six gun firing and a cowboy on a horse. There will be 60 aerial bombs and rockets.

Can He Stay In College?

His nickname is "Picket pin" officially on record as *Citellus richardsoni*. He's not a freshman. He's been around too long. He wears that thirteen line jazzy camouflage coat to deceive the prairie birds of prey.

Moving abroad, with watchful hesitation, the little ground squirrel often sits bolt upright until satisfied there is nothing to fear.

He calls his brothers, or girl friends with a chirping note or shrill whistle, like human wolves bathing their prey. At a slight sound like POP test he retreats to his DEN. This descends vertically for several inches, then winds horizontally with side branches and storage rooms. Things are strangely quiet as he has no money for the juke-box either. He has a grass and leaf-lined nesting chamber. As to nest-

51 Honor Students Among '63 Grads

Fifty-one of the 263 spring graduates of Northwest Missouri State College were graduated with honors. Ten of these received highest honors.

Those with highest honors were Ruth Ann Elliott, Roger Roy Halleck and Nancy Mae Marley, who all received bachelor of arts degrees; Ronald Ray Guthery, Marilyn Miller Guymon, Carolyn Kay Holst, Paul Donald Jones, Donna Carole Lininger, John Lewis Maris, Jr., Gary Wayne Nielson, Linda Ann Potter, Carol-Lou Reents, who all received bachelor of science in education degrees.

The other honor graduates were Julia Marie Henry, Louis Raymond Boone, Richard Dale Hunzinger, Harryette Ann Anderson, Judith Ann Andes, Jon Wesley Baier, Brenda Graham Biddinger, Robert Edward Cobb, Glenda Eileen Cooper, Jon James Denton, Thomas Edward Fairlie, Ruth Johnson Fothergill, Judith Olmstead Fuston, Shirley May Gibson, Carolyn Lee Heidtbrink, Patricia Kay Keller, Judith Curtis Kerns, Judith Lorene Killion, Kathleen Karol Kinnick, Janice June Leavell, Anita Kuhlman Lee, Ivan Wayne Lydon, Jr., Linda Holmes Mason, Karen Lea Mast, Robert Allen Mathew, Judith Keplinger Mercer, Robert Arthur Powers, Karen Ann Ruse, David Martin Stouffer, Margaret Jeanne Swope, Marjorie Joanne Swope, Ada Coleen Taylor, Doris Christensen Tritsch, Helen Teresa Webster, Mary Caroline Willis, Donna Dean Wood, and Roberta Kay Wright.

ing chambers of other students—NO COMMENT. His dining hall serves seeds, nuts, grasshoppers, caterpillars, grubs and even mice, without a single complaint. He hibernates intermittently in winter, goes to class only when the weather is too bad for anything else. He raises his family to independence in six weeks. He's working his way through college instead of working his professors.

Official Notice

A penalty of one negative semester hour will be assessed for each day, or fraction thereof, of unexcused absence from class on the day preceding or following a holiday. (July 3 and July 8.)

Faculty members are not to excuse students for absence on these days but are to report absences to the Registrar's Office.

Don R. Livengood, 1961 grad, has accepted a position as claims examiner in the Kansas City office of the Department of Health, Education and Welfare, Social Security Administration. He was a business major.

Greek Week

Kappa Epsilon

The members and alumni of Tau Kappa Epsilon fraternity will hold their annual summer picnic on July 28, 1963. The picnic will be held at the site of Three Fires, Bedford, Ia. Lunch will be served at noon, according to committee director Dennis Dinkla.

Alpha Sigma Alpha

Alpha Sigma Alpha summer chairmen, Collen Faga and Pat Rucker, have announced the summer picnic for active and alumni members of the fraternity will be held July 14, 1963 at the home of Mrs. Bell Maryville, Missouri. Lunch will be served at 4:00 p.m.

Sigma Tau Gamma

The active and alumni of Sigma Tau Gamma fraternity will hold a work weekend and a summer picnic July 6-7, 1963. July 6, 1963 work will be continued on the fraternity house. Sunday, July 7, 1963, the picnic will be held at Roadside park in Maryville, Missouri.

Phi Sigma Epsilon

Phi Sigma Epsilon fraternity will hold a summer picnic July 14, 1963, at Big Lake in Mound City, Missouri, for its active members and alumni.

College Representatives Discuss Testing Program

Ten Missouri colleges were represented when 16 educators met June 16-17 on campus of Northwest Missouri State College and attended a session of the steering committee of the Missouri Colleges' Cooperative Testing Program.

Dr. Robert P. Foster, dean of administration of NWMSC, was in charge of the local arrangements for the meeting. Seventeen colleges belong to this program and use these tests for all beginning freshmen.

Besides Dr. Foster, those attending from NWMSC were Dr. C. E. Koerble and James G. Middleton. Other universities and colleges represented were the University of Missouri, Columbia; Missouri School of Mines, Rolla; Central Missouri State College, Warrensburg; Southeast Missouri State College, Cape Girardeau; St. Louis County Junior College; St. Louis; Missouri Valley College, Marshall; Wentworth Military Academy, Lexington; Flat River Junior College, Flat River; and Trenton Junior College, Trenton.

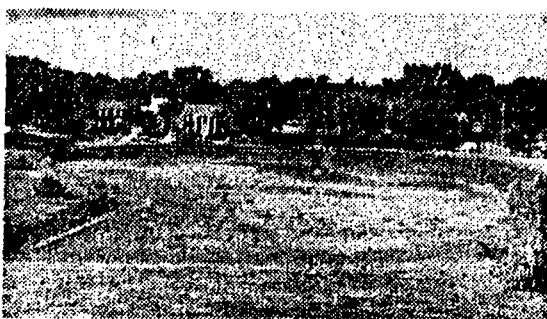

NEA Representative Addresses District

Mrs. Dorothy Brooksby, field representative for the National Education Association, was the speaker for the meeting of the Northwest Missouri District Classroom Teachers when they met June 18 in the auditorium of the Administration Building. Mrs. Brooksby resides in Arizona. Mrs. Martha Martin, Craig, presided at the morning business session. Miss Genevieve Drake, North Kansas City, was in charge of the luncheon held in the J. W. Jones Union Building.

Mrs. Mildred Leaver, Rolla, is the new president for the 1963-64 year.

Before the great exodus of water from the College Pond, these two NWMSC students enjoyed the sport of canoeing. In the

future the pond, having been drained, will be enlarged and reconstructed as a part of the College building and improvement program.

Graduating Class Chooses Officers

Ron Noah was elected president of the summer graduating class at a senior meeting held in the College Auditorium, June 26. Noah is an elementary education major from Creston, Iowa.

Other officers chosen were vice-president, Frances Jean Morris, an English major from Maryville, and secretary-treasurer, Mary Ellen Kimble, an elementary education major from Mt. Ayr, Iowa.

A committee consisting of Jim Bowman, Larry Green, and Dale Sporleder was chosen to decide upon the graduating class' gift to the college.

Athletic Association Member Speaks

H. R. Dieterich, education, and long-time member of the Missouri Activities Association, spoke to Dr. H. D. Peterson's PE 155 class last week.

Mr. Dieterich gave an introduction of the history of the organization and its purposes and accomplishments. Following the main lecture, a question-answer period was held.

Name Miss Neva Ross To Missouri AAUW Post

Miss Neva Ross of the education department of Northwest Missouri State College has been named chairman of elementary and secondary education of the Missouri Division of American Association of University Women.

Miss Ross has served as program chairman and education chairman of the Maryville branch of the AAUW.

Her appointment was made by Mrs. Nolan Chapman, recently elected president of the Missouri Division of the AAUW.

Textbook Exhibit July 8-

The annual textbook exhibit will be held July 8 and 9 at Colden Hall. This is a display of new textbooks by various publishing companies. Teachers and students are invited to visit the exhibit and browse through the display of new books.

Mud in the Room Is No Problem

Elza Fine, remedial teacher and acting principal of the New Market, Ia., grade school urges more interest in the field of remedial instruction.

Mr. Fine pointed out several of the advantages of remedial teaching, one being to have each age group work separately. This allows time for the students to work together. In this way errors can be corrected as they are made. Also, discipline problems are reduced to a minimum, he added.

With a chuckle, Mr. Fine said, "I'll tell you one advantage I have found. You don't have to worry about the kids tracking in mud—they've already got it knocked off in the other rooms."

Mr. Fine relates a great sense of satisfaction in viewing the happy faces. The students, none of whom are placed in competition, find they can do things too.

To choose the people with whom he works, the individual classroom teacher keeps a tentative list of those having difficulty. Mr. Fine then asks for a show of hands of the students desiring help. It has been his observation that more ask for help than need it.

Having artistic ability has greatly aided Mr. Fine in his remedial work. This ability has also been widely used in cooperation with the community.

Mr. Fine has received hours from Cedar Falls, Drake University, Clarinda Community College, Iowa State University and NWMSC. The 62-63 school year will be his 33rd year of teaching.

Most Teachers Are Eligible For Credit Union

Most teachers, new or experienced, who have signed contracts to teach, are eligible to use the services of the Northwest Missouri Teachers Credit Union, according to J. L. Knusel, secretary of the organization.

Signature loans up to \$300, or more with security, can be arranged with payments delayed until October 1.

Investments in five dollar shares are accepted in a lump sum or by monthly installments. Amounts invested up to \$2,000 are matched by equal amounts of life insurance (decreasing proportions between ages of 55 and 70).

The Northwest Missouri Teachers Credit Union, the tenth oldest teachers' credit union in the nation, is provided to reduce the costs of borrowing and to provide a convenient, dependable and profitable means of saving for teachers in the Northwest Missouri area.

For additional information visit the credit office, Room 110 Colden hall.

LIFE with the BEARCATS

Married

Margaret Ann Young to Maurice Jerome Nauman.
Carol Joy Coutts to Harold H. Wilmarth.
Sharelle Ann Smith to Loren Hugh Rex.
Beneta Ann King to Jerry Barnes.
Karen Porter to Robert Lewis Arms.
Jenila Russell to Gary Tunell.
Neltha Jean Spiller to Cecil Duane Clymens.
Linda Owens to Connie Rex Younger.
Nora Caroline Godsey to George F. Bayless.

Pinned

Jeanette Novagradis to Mike Redmond.
Pat Phillips to Larry Schulenberg.

Engaged

Myrna Newman to Howard Griesinger.

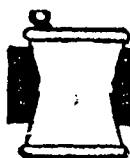

Tim Johnson, graduate of NWMSC and University of Arizona, has accepted a position in the English department at Warrensburg.

Two Receive Masters

Phillip H. Hayes and Robert D. Cramer, both 1961 graduates of Northwest Missouri State College, received their masters degrees June 13 at Southern Illinois University, Carbondale, Ill. Hayes advanced degree was in higher education and Cramer's master was in physical education.

There are three things I have always loved and never completely understood—art, music, and women. p

Cat Tales...

— with Marv Bell

Although the 1963 football season is two months in the future, a reconditioning program is going on daily at the NWMSC field and stadium, under the direction of Robert Seipel, supt. of building and grounds.

While certain steps along these lines are taken each year, Seipel's maintenance crews are working with increased efforts to ready both the stadium and the field itself for the coming season.

Stadium Work

Receiving special treatment is the stadium. At present, sand blasting of the entire structure is being accomplished. Following the blasting, the stadium will be completely repainted.

A new concrete floor has been added in the under-stadium, providing spectators with new and better facilities while visiting the concession stands. The previous flooring was of packed dirt.

New Turf

The playing field was resodded approximately one year ago and is being fertilized, watered, and mowed on a regular schedule. Seipel stated that the turf is in excellent condition, comparing it with those fields he has seen at other MIAA Conference schools.

Seipel stated, "We've fenced the entire field this year, hoping to keep the field in top condition at all times and eliminating the danger of damage to the new sodding. The plan worked and we will use it annually."

Former 'Cats Join Forces

Two former Bearcat stars have been teamed together, this time in the coaching ranks at Maryville High School.

Fred Fuhr, a 1960 graduate of NWMSC has been named head football coach, replacing another local college graduate, Ron O'Dell. O'Dell will take over the grid reins at Higginsville.

Gene Jordon, a 1961 graduate, will be head basketball mentor, taking over from William Norton, also a NWMSC graduate, who will go to William Chrisman, Independence, Mo. Jordon has previously coached at King City.

Fuhr Grid Star

Fuhr starred on the gridiron for the Bearcats, earning All-MIAA honors as a fullback.

Coach Fuhr, Roseville, Mich., has been at Maryville High for three years, serving as assistant football and basketball coach. For the past two seasons, he has been head wrestling coach after initiating that sport on an intramural basis in 1961. He will remain as wrestling coach in addition to his football duties.

Jordon Stars

Jordon, an All-MIAA basketball star, was named to the All-American small college team as a senior.

Coach Jordon, Malden, Mo., coached for two years at King City before being appointed to the Maryville position.

Here's to woman! Would that we could fall into her arms without falling into her hands.

Youth is a blunder, manhood a struggle, old age a regret.

George Redden, NWMSC gridster, gives young Mark Allen tips on bunting at Maryville's baseball-softball center, Beal Park. Redden is one of five college men working with the City Recreation Program this summer.

Bearcat End Reinstated By MIAA Vote

NWMSC grid hopes were given a boost during the first week of summer school when it was learned that star end George Redden would be allowed to compete in '63.

Due to an error in active player roster listings during Redden's first year at NWMSC, he was credited with a season of active participation. Actually, the big end was injured prior to season's start and did not compete in a single game.

Redden only learned of his supposed ineligibility a short time before the end of the regular 1962-63 school year. A special meeting with MIAA prexy, John Waldorf, was scheduled, resulting in a special vote by all other MIAA schools.

The final results were clearly in favor of Redden retaining his eligibility for the coming season.

The loss of Redden would undoubtedly weaken the Bearcats' line, both offensively and defensively. The 205 pound star was voted the Outstanding Lineman Award in the homecoming game last year. His inspired defensive line play and pass receiving were the highlights of the contest.

Staff Picks All-Stars

The Missourian sports department picked its annual major league all-star teams this past week in lieu of the coming N.L.-A.L. event.

Voting for positions was in overall agreement, with some exceptions. However choosing the winner proved to be more controversial. Bob Cobb, Missourian editor, picked the National League, 6-5. Jack Gray, associate editor, took the N.L., 7-3, and Marv Bell, sports editor, favored the A.L., 9-4.

N.L. Vote

The starting N.L. team had John Edwards of Cincinnati, catching; Bill White, St. Louis, 1B; Bill Mazerowski, Pittsburgh, and Julian Javier, St. Louis, tie for 2B; Ken Boyer, St. Louis, 3B; Dick Groat, St. Louis, SS; Tom Davis, Los Angeles, LF; Don Demeter, Philadelphia, CF; and Hank Aaron, Milwaukee, RF.

The N.L. pitching staff consists of left-handers Jim O'Toole, and Jim Maloney, Cincinnati; Sandy Koufax, Los Angeles; and Billy O'Dell, San Francisco. Righthanders on the staff are Larry Jackson, Chicago; Ernie Broglio, St. Louis; Bob Friend, Pittsburgh; and Juan Marichal, San Francisco; and Lindy McDaniel, Chicago.

Backing these starters and close to the top in the voting are Ed Bailey, Orlando Cepeda, Maury Wills, Frank Robinson, and Willie Mays. Several players were chosen because of performances at present, with anticipation of raising present averages higher by all-star game time.

Stan Musial, St. Louis outfielder, and Warren Spahn, Milwaukee pitcher, are the sentimental selections, although both rated high in the voting.

A.L. Team

In the American League, Earl Battey is behind the plate. Jim Gentile, Baltimore, edged Dick Stuart of Boston by one vote for 1B; Nellie Fox, Chicago, 2B; Frank Malzone, Boston, over Cleto Boyer, New York, by one vote of 3B; Luis Aparicio, Baltimore, SS; Tom Tresh, New York, LF; Bob Allison, Minnesota, CF, over the injured Mickey Mantle; and Leon Wagner, Los Angeles, RF.

These stars are backed by Elston Howard, Bobby Richardson, Brooks Robinson, Zoilo Versalles, Harmon Killebrew, Albie Pearson, Al Kaline, and Roger Maris.

The pitching staff of the A.L. is centered around righthanders, for the most part. Tom Cheney, Washington; John Bushardt, Chicago; Bill Monbouquette, Boston; Ken McBride, Los Angeles; and Jim Bouton, New York. Lefthanders are Whitey Ford, New York; Juan Pizarro, Chicago; and Steve

Barber, Baltimore.

Dick Radatz, Boston, and John Wyatt, Kansas City, are the relievers, with Ed Charles, Kansas City, the top utility man. Sentimental choices are Yogi Berra, catcher for New York, and Robin Roberts, Baltimore, pitcher.

Game Date

The all-star game will be in Cleveland's Municipal Stadium this year, on July 9. The A.L. holds a slight two game lead over the N.L. in total games, but the N.L. has been holding the upper hand and closing the gap during the last several seasons.

Bearcats In Softball Play

A number of NWMSC athletes are playing softball with local and area teams during the summer session.

Locally, both Trimble Conoco and Vawter Sales squads are dotted with the names of Bearcat stars, both of the diamond and of other sports as well. Both of these teams went to the state tournament last year and are winning again this year.

Two other Maryville clubs, B & W Sporting Goods and Maryville Shoe, rely solely upon college players. Several area teams include NWMSC men on their rosters, also.

Trimble Conoco and Vawter Sales are members of the Northwest Missouri Softball League, a six-team grouping, while B & W and Maryville Shoe play independently.

Cardinal Star To Play Again

Red Schoendienst, veteran St. Louis Cardinal infielder, has been moved into an active player role again in hopes of giving the Cards extra bench strength and pinch-hitting power.

Schoendienst tied the major league record for most pinch hits in a season last year. In addition to equalling that mark, he hit .300 for the season, playing in a utility role. The freckled Cardinal infielder, best known as a former All-Star second baseman, can also fill in at third base if necessary.

The switch-hitting keystoneer was removed after the 1962 season from the active player

Ron O'Dell to Be Higginsville High Football Coach

Ronald O'Dell, head football coach at Maryville High School since 1959, has accepted a position as head football and track coach at Higginsville High School for the 1963-64 school term.

In addition to his coaching duties O'Dell will teach physical education and health classes.

After coming to Maryville from Fairfax High School, O'Dell-coached football teams compiled records of three wins and five losses in 1959; 6-2-1 in 1960; 3-4-1 in 1961; and 6-4 in 1962. His Northwest Missouri Conference record included one second place finish and three first place ties.

In addition to his football duties at Maryville, O'Dell coached basketball from 1959-61 and compiled an enviable overall mark of 41-13.

Replacing O'Dell at the Maryville football coaching spot is Fred Fuhr.

After an outstanding four years at Chillicothe High School where he was an all-state grid selection, O'Dell matriculated to Northwest State where he was a 4-year football letterman and led the MIAA Conference his senior year in comparative passing percentages.

He also was a 2-year letterman in baseball at MSC, serving as co-captain of the nine his junior and senior years.

O'Dell is the second Maryville coach to accept a position at another school this spring. Basketball mentor Bill Norton accepted the job as head cage coach at William Chrisman High School, Independence, several weeks ago.

O'Dell, married to the former Miss Carolyn Glover, plans to move to Higginsville early in August.

roster, but Manager Johnny Keane made the move when the Cards' reliever Bob Humphries was put on the disabled list and outfielder-infielder Leo Burke was traded to Chicago for pitcher Barney Schultz.

The first man you meet is a fool; if you do not think so ask him, and he will prove it.

He that teaches himself hath a fool for a master.
